PRODUCT WORKFLOW

User Journey from Entry to Adoption

Step-by-step functional flow for all user types. This is the source of truth for what pages and interactions the app must support — no technical details, just product logic.

Registered User Journey

1. **Land on Homepage**
   User arrives at the animal listing page. Browseable without an account.
2. **Browse & Filter Animals**
   Filter by species, size, gender, age. See animal cards with image, name, species, age.
3. **View Animal Detail**
   Full profile: description, requirements, tags, comments. Available to everyone.
4. **Register / Login**
   Account required to interact. Email + password registration with email verification.
5. **Complete Profile**
   Fill in housing type, garden, other pets, experience, motivation. Required before applying.
   🔒 Auth required
6. **Submit Adoption Application**
   Select animal, add personal message. One application per animal. Status: pending.
   🔒 Auth + Profile required
7. **Post Comments**
   Leave comments on any animal's detail page. Visible to all visitors. 🔒 Auth required
8. **Track Application Status**

Admin / Staff Journey

1. **Login to Admin Panel**
   Access via /admin. Secured role. Uses EasyAdmin interface. 🔒 ROLE_ADMIN only
2. **Manage Animals**
   Create, edit, delete animals. Set species, breed, size, availability, image, adoption requirements.
3. **Manage Species & Tags**
   Add/edit/remove species types and animal tags used for browsing and filtering.
4. **Review Adoption Applications**
   See all pending applications. Review user profile info. Approve or reject each application.
5. **Manage Users**
   View registered users, check profiles, manage roles.
6. **Manage Navbar & Footer**
   ⭐ Sprint 4 feature. Edit navigation items from the admin panel. Dynamic layout driven by database.
7. **Moderate Comments**
   Review and remove inappropriate comments from animal pages.

User can see if their application is pending, approved, or rejected from their profile area.

PAGES REQUIRED — SPRINT 4

PUBLIC

/ → Animal listing
/animal/{id} → Animal detail
/register → Registration form
/login → Login form

AUTHENTICATED

/profile → View/Edit profile
/adopt/{id} → Adoption form
/applications → My applications

ADMIN (/ADMIN)

Animals CRUD
Applications management
Users management
Navbar/Footer items ⭐
